**Subject:** Query for Quarterly recall report completion rate with recall family and model level info  
**Attachments:** Quarterly Recalls with related recall report family and model level info 8\_31\_2021.xlsx

Hey Joel,

One of the things you had requested from us is a query with the quarterly recall report numbers for calculating completion rate that includes family and model level information of the related recall. I've pulled that query together and attached it here. Please take a look and let me know if this looks like what you were looking for.

Thanks, Ching-shih
